EDUCATION

Kendriya Vidyalaya CLRI, Chennai — *Secondary Education*

April 2016 - May 2017
CGPA - 5.8

Anna Gem Science Park School, Chennai — *Higher Secondary Education*

April 2018 - May 2019
Percentage - 58.5

KCG College of Technology, Chennai — *Bachelor of Engineering*

Electronics and Communication Engineering
August 2019 - May 2023
CGPA - 7.8

PROJECTS

Smart Metering Plug — *Built using IOT and Arduino coding*

The aim of the project is to build an affordable system that monitors usage of power consumption. The device has the ability to measure the number of units of power consumed and sense the battery capacity of electric vehicles connected to the plug.

Student Management (CRUD) — *Built using Python and SQL*

Developed a comprehensive Student Management application using Python and SQL, implementing CRUD (Create, Read, Update, Delete) functionalities. Leveraged Python for backend logic and SQL for database management.

ECommerce Website — *Built using HTML, CSS and Javascript*

Developed an e-commerce website by utilizing JavaScript to enhance interactivity and form validations and Implemented CSS to create visually appealing layouts and ensure consistency in design elements.

SKILLS

Java, Python Programming

My SQL

Selenium, Git and Github

Web development

Excel

Additional

Undergone internship training on "Application of Sensors on fiber optic communication" for Lab to Market Innovations Pvt Ltd., at CSIR

Completed certification of Java Fundamentals from Oracle Academy

Certification of workshop Embedded world by Tinkercad

LANGUAGES

English, Tamil, Hindi

Hobbies

Photography and Badminton
